

## **NOTICE: Pokémon in the USA is in Danger!!**

**As many of you know, Pokémon USA has recently taken over the licensing rights for Pokémon from 4Kids Entertainment, who have been running it for the last 8 years. However, from e-mails we received from Eric Stuart and Veronica Taylor, two of the major voice actors who have been with the dub of the show since 1998, have said that since Pokémon USA is dubbing the show from Season 9 onwards, the company has decided to hire new voice actors... not just new ones to continue such as other TV shows have done, but new actors to IMITATE the current voice actors and try and get the same sounding voices.**

**Fans across the country are deeply concerned about what will become of the anime, and fear losing the voice actors we've come to know and love over the past eight years.**

**Please take a few minutes to voice YOUR concerns to those in charge; Write to Pokémon USA today!**
